Such is only a business way of looking at the situation. With the country facing a war tax of \$100,000,000 and heading for the establishment of a new record for the country in the matter of federal expenses, it is time that a little serious consideration was given to the outgo as well as the income. The problem can be tackled from both ends. Such of course calls for the sacrifice of the political benefit which would be gained from the disbursement of those millions as planued, but it is action for the coun-try's interest which is demanded, not only now, but at all times. Thus while such money can be turned to the actual needs of the government. with sufficient allowed for taking care of the needs of commerce and ad-ministration, it furnishes an example for the future conduct in turning the government funds to the use for which hey are most needed. as it's long.

The particular thing that induced this philosophizing is the news from Fargo, N. D. There the North Dakota agricultural college has established a "Little Country Theater.' They are going to provide wholesome drama and original entertainment for the people roundabout. The playhouse will seat about 200. There are no boxes or balconies—no catering to class. There is a capacious stage. The decorations of the auditorium are tasteful and pleasing. It is not bedizened like a valentine, after the manner of the average city opera house. Plays will be given, preferably one act plays from the best sources. If found suitable they will be recommended to local communities.

The best way for the people to clean themselves of the old Puritan prejudice against the stage, and to make the drama the far reaching power it ought to be in broadening the mind and invigorating the conscience is for them to have their own playhouses and do their own acting.

"I was all run down to the very bottom," writes F. Gagnon. "I had to quit work, I was so weak. Now, thanks to Sargol, I look like a new man. I gained 22 pounds in 23 days."

"Sargol has put 10 pounds on me in 14 days," states W. D. Roberts. "It has made me sleep well, enjoy what I ate and enabled me to work with interest and pleasure."

"I weighed 122 pounds when I commenced taking Sargol. After taking 26 days I weighed 144 pounds. Sargol is the most wonderful preparation for flesh building I have ever seen," declares D. Martin, and J. Meier adds: "For the past twenty years I have taken medicine every day for indigestion and got thinner every year. I took Sargol for forty days and feel better than I have felt in twenty years. My weight has increased from 150 to 170 pounds."

Why Not Stop Drinking

Men and women who drink regularly and excessively cannot answer this question. When they realize they are slaves to the appetite for alcoholic liquors they wish to stop, but find they cannot. They do not understand they are being daily poisoned with alcohol, until the craving for it has become stronger them the will-nower alcohol, until the craving for it has become aironger than the will-power to resist. The only hope for these unfortunate men and women is proper medical treatment—the Neal Treatment, which is a safe, sure, vegetable remedy that removes the craving and necessity for drink in three days, without the use of hypodermic injections. The Neal Drink Habit Treatment will quickly make you soher men and quickly make you sober men and women. Come to the Neal Institute and become master of yourself. Call and investigate.
